

## Intent-to-Award: Deputy Sector Navigators Grantees

The Chancellor's Office Division of Workforce & Economic Development has announced the intent-to-award grants to establish a network of [Deputy Sector Navigators](#) in support of the [Doing What MATTERS for Jobs and the Economy \(DWM\)](#) framework. Deputy Sector Navigators will collaboratively work in-region to advance curricular pathways in sectors important to regional economies.

"This is another milestone for our system in answering the call of our regional and state economies. Through these grants, we are identifying talent on the ground who can work with colleges and their partners to align and articulate curriculum consistent with labor market demands. While a skill gap may be difficult to address in silos, we will find more solutions when we can bring forth the collective regional capacity," states Van Ton-Quinlivan, Vice Chancellor of Workforce and Economic Development.

These grantees were selected through a competitive statewide process, and upon formal Board of Governors approval and standard RFA processes, these Deputy Sector Navigators will be added to the **2013-14 Directory** found at <http://doingwhatmatters.cccco.edu/Contact.aspx>. This Directory will be the source of the most updated contact information.
