(2) The State Board of Education has the following duties:
(v) To develop, in conjunction with the Board of

and graduation expectations by baccalaureate degree program, and
annually submit the plan to the Legislature as part of its
legislative budget request.
(w) Beginning in the 2014-2015 academic year and annually
thereafter, to require each Florida College System institution
prior to registration to provide each enrolled student
electronic access to the economic security report of employment
and earning outcomes prepared by the Department of Economic
Opportunity pursuant to s. 445.07.
(3)(a) The State Board of Education shall adopt a
strategic plan that specifies goals and objectives for the
state's public schools and Florida College System institutions.
The plan shall be formulated in conjunction with plans of the
Board of Governors in order to provide for the roles of the
universities and Florida College System institutions to be
coordinated to best meet state needs and reflect cost-effective
use of state resources. The strategic plan must clarify the
mission statements of each Florida College System institution
and the system as a whole and identify degree programs,
including baccalaureate degree programs, to be offered at each
Florida College System institution in accordance with the
objectives provided in this subsection and the coordinated 5-
year plan pursuant to paragraph (2)(v). The strategic plan must cover a period of 5 years, with modification of the program lists after 2 years. Development of each 5-year plan must be coordinated with and initiated after completion of the master plan. The strategic plans must specifically include programs and procedures for responding to the educational needs of teachers and students in the public schools of this state and consider reports and recommendations of the Higher Education Coordinating Council pursuant to s. 1004.015 and the Articulation Coordinating Committee pursuant to s. 1007.01. The state board shall submit a report to the President of the Senate and the Speaker of the House of Representatives upon modification of the plan and as part of its legislative budget request.

(4) The State Board of Education shall:

in arts degree to be in the statewide course numbering system as
credits toward a baccalaureate degree offered by a state
university or a Florida College System institution.

College System institution in 2014-2015 and thereafter, require
no more than 30 semester credit hours in general education
courses in the subject areas of communication, mathematics,
social sciences, humanities, and natural sciences.

The rules should encourage Florida College System institutions
to enter into agreements with state universities that allow
Florida College System institution students to complete upper-
division-level courses at a Florida College System institution.
An agreement may provide for concurrent enrollment at the
Florida College System institution and the state university and
may authorize the Florida College System institution to offer an
upper-division-level course or distance learning.

(1) By December 31 of each year, the Board of Governors shall submit an annual accountability report providing information on the implementation of performance standards, actions taken to improve university achievement of performance goals, the achievement of performance goals during the prior year, and initiatives to be undertaken during the next year. (2) The Board of Governors shall recommend in the annual accountability report any appropriate modifications to this section.
