7. Provide comments for the Health Sector in your Macro Region

**Text Response**
The Health Sector DSN has been involved in working with K-12 alignment and professional development for faculty. She has made contacts with colleges to assist with curriculum and with augmentation of programs.

8. Provide comments for the Information & Communications Technologies/Digital Media Sector in your Macro Region

**Text Response**
The Sector DSN has been working on the inventory of curriculum at colleges in order to identify gaps in training programs provided within the region. In this industry, identifying new areas of need is very important because of the constant evolution within the industry. It is also important to recognize the integration of ICT into other industries within our region, including agriculture, small business and health care.

<tr>
<td><strong>Text Response</strong></td>
<td>The work done on the Food Processing Maintenance Mechanic skills panel has been invaluable for our region. Continuing to share that work, and to crosswalk it to existing training programs, will help the manufacturing programs in our region to align training programs to the desired skills sets. A knowledge community of manufacturers has been formed, which should help in defining the &quot;next steps&quot; for sharing the skills panel results.</td>

<tr>
<td><strong>Text Response</strong></td>
<td>The DSN is working to identify gaps in curriculum across the colleges in the region via a comprehensive employer survey. She has been very proactive about outreaching to colleges and to businesses to build connections and to provide services. The mini grant for professional development will be very helpful to our region's faculty.</td>

<tbody>
<tr>
<td><strong>Text Response</strong></td>
<td>The DSN has been very proactive about engaging employers in identifying skills gaps, industry certifications that employers require, and other trainings that colleges could provide. We will be supporting an industry skills panel using a similar process to that utilized last year in food processing. The results will be shared with all partners and colleges to improve curriculum.</td>
