Institutional Effectiveness Partnership Initiative (IEPI) Workshop

CTE Data Unlocked
Data Tools for Measuring Student Success, Supporting Integrated Planning, and Managing Accreditation and Program Review

- Wondering how to explain the new Scorecard CTE skills-builder metric to your board?
- Curious about how to calculate regional supply and demand for program review?
- Seeking to benchmark program outcomes for accreditation?
- Looking for information on students’ employment and earnings outcomes?

Increasingly, colleges are examining employment outcomes and evaluating regional labor market data to shape their career and technical education (CTE) offerings. This analysis is particularly important given new requirements to create regional workforce plans, the promise of $200 million in additional CTE funding in 2017, and recommendations by the Strong Workforce Task Force. However, many colleges struggle to access and understand these new sources of information.

This day-long training will walk you through a suite of resources and a new grant program that can help your college get the data you need, understand how to integrate it into processes like program review, accreditation, and planning, and use tools that provide this information in a user-friendly format. Bring your computer and your leadership team—you’ll have the opportunity to examine the outcomes of your own college’s programs in tools like Data Mart and the LaunchBoard.

*Having a member of the college’s senior leadership team attend this training makes your college eligible for 10 hours of technical assistance and $50,000 to support CTE data usage.*

Additional information on this grant opportunity is available online at: http://doingwhatmatters.cccco.edu/LaunchBoard/CTEDataUnlocked.aspx

Who Should Attend?
Each district/college must bring a team of representatives including: a senior administrator (CEO, CIO, or CSSO), plus one or more CTE deans, faculty, and institutional researchers. Senior administrators only need to stay for the morning portion of the training.

Workshop Details
All workshops will take place from **9:30-3:30**. Lunch will be provided. Workshops cost $50 and advanced registration is required through EventBrite. [Click here to register now.](http://doingwhatmatters.cccco.edu/LaunchBoard/CTEDataUnlocked.aspx)

- Friday, March 11 in the Central/Mother Lode region at Clovis Community College
- Friday, March 18 in the South Central Coast region at the Crowne Plaza Ventura Beach
- Friday, April 1 in the North/Far North region at the Chico Area & Recreation Park District
- Friday, April 15 in the LA/Orange County region at the Sheraton Cerritos Hotel
- Friday, April 29 in the Bay Area region at Merritt College in Oakland
- Friday, May 6 in the Inland Empire region in Fontana
- Friday, May 13 in the San Diego/Imperial region at San Diego City College

An additional workshop will be held in conjunction with CCCAOE in Sacramento on April 20 from 8-12, with follow up break-out sessions the same day. [Click here to register.](http://doingwhatmatters.cccco.edu/LaunchBoard/CTEDataUnlocked.aspx)
